HORVATH TOWERS COMPLETES CONSTRUCTION OF TOWER AFTER 2-YEAR ZONING FIGHT

SOUTH BEND, IN – NOVEMBER 15, 2007: Horvath Towers, LLC, a leading developer and manager of wireless communications towers in the Midwest, has successfully completed the construction of a communications tower that will serve wireless carriers looking to expand their service area in the Downtown LaPorte, Indiana area. The tower initially was blocked in zoning and Horvath undertook a hard-fought 2 year battle to be allowed to build the tower, which is located at 108 Clearlake Blvd., LaPorte, IN. The 195' monopole is designed to hold up to four (4) carriers and can be upgraded to accommodate others.

Horvath Towers owns and develops towers for wireless communications carriers and public safety entities. Towers developed by Horvath are consistently rated among the highest in occupancy in their respective regions. Horvath's principal, Jackie Horvath, has established her company as a leading developer and manager of towers in the Midwest, in addition to having a presence in Pennsylvania and Texas. Horvath Towers is based in South Bend, Indiana and has a satellite office in Chicago, Illinois.
